

SCRTC

Philosophy

The staff of St. Croix Regional Technical Center will provide students a learning environment that utilizes the latest industry standards in which everyone can increase their knowledge and skills to the best of their individual abilities.

Goals and Objectives

- ◆ Prepare students for further education and employment in current and emerging occupations and technologies
- ◆ Provide an opportunity for all students to develop interpersonal skills and attitudes that will allow them to become productive workers and contributing citizens
- ◆ Expand student aspirations and ensure access and equal opportunity to all students
- ◆ Create an educational environment which encourages and supports high expectations

SCRTC staff constantly strives to:

- ◆ Implement a curriculum that is responsive to the changing needs of industry and benchmarked to the Maine Learning Results and to national program standards.
- ◆ Utilize a teaching learning process that is responsive to the individual learning styles and needs of all students.
- ◆ Implement an assessment process that documents and validates student learning and encourages and supports student self-assessment with the ultimate goal of improving student achievement.
- ◆ Provide a wide-range of program options that represent current and emerging technologies and occupations.
- ◆ Establish and maintain a positive, symbiotic relationship with business and industry with the ultimate goal of expanding economic development opportunities for all industries.
- ◆ Provide opportunities for all students to validate and expand career and occupational choices.
